

It's not just a technical degree,
**it is an outstanding opportunity
to shape your future.**

Come to our Greiner GOLD open house Wednesday, March 1st from 6 pm to 8 pm

Due to limited space, please register by calling 570-602-3940. We will see you there!

Do you want to develop essential technical skills while earning a quality wage?
How about getting an Advanced Mechatronics degree and a state-recognized apprenticeship in three years?
And what about getting a broad range of experience in a variety of different technical areas?

If your answer is yes, we have the perfect job opportunity for you!

Greiner Packaging International is one of Europe's leading plastic packaging manufacturers in the food and non-food sector. We have opened our first site in the U.S. and are constantly looking for outstanding individuals to support our subsidiary located in Pittston, PA.

Come and join our Greiner GOLD Program, which for a total of three years combines a two-year technical degree with a three-year apprenticeship, including in-house structured on-the-job experience. We will deliver our three-year program in conjunction with Luzerne County Community College for the classes needed for an Advanced Mechatronics degree.

You will gain experience in all aspects of the operations function and get a full understanding of the production process and its technical needs.

What are you waiting for?

It's not just a job,
it is your future.

Find out more!

Please contact Human Resources at **570-602-3940** to register for the open house.
